Afraid I can't report much on last month's meeting as I was unavailable. I believe however that Martin Payne and Stewart Forbes were tasked with turning a ball. I have no doubt this was entertaining and professionally carried out and this time Martin made a significant contribution. Surprisingly there were no entries in the competition 'A' class but in the 'B' class three entries resulted in a first for Alan Pywell, second place for Trevor Butterworth and a third place for Steve Parker. Good to see some members at Harrogate. Hope you resisted the temptation to overspend., many things were on offer but nothing was cheap.

The adjacent images were taken at the recent Saturday demo by Granville Haworth. A bowl with abalone shells cast in resin was first shown followed by a rectangular clock set in charred wood and then a square lidded box. Thanks to Granville for his informative and excellent demo.

### Name Badges

In order for members to be able to identify each other, especially newer members, a clip badge has been provided to be worn during meetings. It would be helpful if each member could collect their badge when paying monthly sub and return at end of meeting.

No Competition

On nights when hands on involvement is required chairs will not be put out.

Next month will be the AGM followed by a pie and pea supper. This would be a good opportunity for members to input ideas and suggestions for what they would like from future meetings. A programme for 2020 has been arranged and can be seen opposite but this is not set in stone and can be adapted to meet the wishes of members. A new brew rota is also shown and once again if this causes anyone problems it can be easily be changed.

Please also note that the January meeting will be on 10th as the 3rd is close to New Year.

Due to a recent bereavement we have been asked if anyone is interested or knows of anyone interested in a large amount of engineering equipment including lathes, drill presses, micrometers, calipers etc.

Please contact Martin Cronshaw on:-  
mcmoby69@aol.com for more info.

Don't forget the new pen range available from Dave Mackin at the club shop as well as many other useful items at discounted prices.
