June meeting

It seems that I was not the only one unable to attend the meeting. This was a 'hands on' evening with members trying their hand with the skew chisel. There was also an auction for some timber brought by Trevor Butterworth.

Joke of the month

Things to think about:

If man evolved from monkeys and apes why are there still monkeys and apes?

Is there another another word for synonym?

Whose cruel idea was it to for the word lisp to have an 's' in it?

If one synchronised swimmer drowns do the rest drown too?

How is it possible to have a civil war?

What was the best thing before sliced bread?

You Tube

These are worth looking at if you only want to turn wood:

Richard Raffan – probably best to think carefully before using some of his techniques.

Carl Jacobson – good straightforward turning.

Rc woodturning – plenty of ideas to pass the time and use up bits of wood.
